## CITY COMMISSIONERS TRANSACT REGULAR BUSINESS

At a regular meeting of the City Commission held February 8th, action was taken on various matters presented. Many complaints have been made about the stock running loose in the city, and the night rider has been continuously on the job, but so much space has to be covered that it is practically impossible, at this time of year, to keep the cattle and horses entirely out. Stock is being impounded almost daily, but it seemed that not enough impression has been made on the owners to make them realize the damage which is done nearly every night. After discussion an ordinance was drawn, which appears elsewhere in the paper increasing the impounding fee to \$5.00 per head. It is hoped that with this ordinance, and the vigorous efforts which are being made to prevent the running of stock at large will soon stop.

A petition was handed to the commission complaining about the noise of the engine at the Ice Plant, and the City Manager was instructed to take this matter up with the Manager of the Ice Plant to see what steps had been taken, and what could be done in the way of a muffler, and to report at the next meeting.

A resolution was also passed concerning the sidewalk on Kentucky Avenue from St. A. to 10th streets and from 10th street to the railroad, and as a result the proper notice will be given to the contractor to begin work on this project.

Due to the embargo situation, an additional time was given the sewer contractor Mr. D. H. Whitmer, to complete his work.

The walls of the reservoir have finally been tamped, and it is expected that the seepage will be completed during the present week.

The engine base for the new 100 Horse Power engine has been completed and one of the new compressors installed in the power house, and it now looks as if our power conditions will be remedied in thirty days. The rebuilding and addition to the power house will start as soon as the forms can be placed in shape.

The death and removal list submitted by the local registrar was approved.

## NEW ENGLANDERS HAVE SPLENDID MEETING

The New England society met in the upper G. A. H. hall on Monday, February 8th at 2:30 p. m. with President Hartley in the chair, with singing of America and prayer by Rev. Sturtevant, Secretary being out of town the press correspondent was asked to read the minutes of the last meeting, which with the treasurer's report were accepted. Messrs. Stone and Fuller were appointed on the reception committee for next month.

The picnic committee reported that arrangements were well under way to hold the picnic in the park February 17th each person to bring their dishes with the food, drinks will be furnished. Checks for payment of dues after which was the roll call which was as follows: Maine 29, New Hampshire 6, Vermont 8, Massachusetts 21, Rhode Island 16, Connecticut 1.

## ATTENDANCE INCREASES AT LOCAL REALTORS' WEEKLY LUNCHEON AND BUSINESS MEET

Interest and attendance was increased at the noon business meeting of the Realtors at the luncheon held Friday at the St. Cloud Hotel Cafe. On the table was a beautiful bouquet of wild violets.

After the minutes were read Mrs. V. G. Barnett and Mr. A. T. Garrison invited guests, were introduced.

The committee appointed on previous association was continued.

The matter of locating a cigar factory was brought up by T. G. Moore and after much discussion the matter of securing same was left in the hands of the committee to use their best judgment.

G. C. Hunter said as he had been the one to propose the establishing of a free bus line bringing people to St. Cloud to have them know of the real advantages to be found here that they, the Realtors, had decided to provide and run a bus.

Miss Lindsay made the motion which was carried that the committee formulate some definite plan and present it at the next meeting with reference to the growers association the committee was given privilege to call others on the committee.

about 20, totaled 100 and 51 victors. Mrs. Wellman called on the drum corp for the first number on the program. Mrs. Bird played a mandolin solo accompanied by Mrs. Barber, guitar; also an organ. Kate Miss Munroe also sang, music by Raymond, orchestra, greatly appreciated as was the solo by Miss Stuart, of Mrs. J. Mich. M. Bennett and Miss Johnston. Reading by Mr. Jane Johnston. "The poor Indian," Spalding about "the poor Indian." Remarks by Rev. H. Clay Scoville. Recitation by a Maizee. Selections Mrs. Buttery is to have the next program. Closed by singing the Star Spangled Banner.

## MICHIGAN ASSOCIATION

A very pleasant meeting of the members of the Michigan Association was held on Wednesday, February 3, 1926 at the clubhouse. After a very fine picnic dinner, at which Mrs. Goff handed to her husband a cake with lighted candles upon it—being his 70th birthday—it was cut and every one present had a piece of it.

The President Mrs. Miller called the meeting to order at two o'clock and the song, "America," was sung by all. Rev. Mr. Hall invoked the divine blessing. The "Florida song" was sung. St. Cloud yell was given.

Treasurer reported \$17.30 on hand. It was decided to have ice cream and cake at the meeting in March. Ladies furnish cake. The meeting will be at 2 o'clock and ice cream and cake will be furnished after the meeting.

The Presidents of the Association and their wives are invited to meet with the Association at this meeting. They were their guests, Mr. and Mrs. Wm. Desnoyer, Mr. and Mrs. Frank Kenney, Mr. and Mrs. Winder, Mr. and Mrs. Buttery, Mr. and Mrs. Zwingle Smith, Mr. and Mrs. W. M. Hall. All Michigan people were asked to rise and were counted. There were 65 persons and other state were 30. Song, Michigan. President introduced a pair of twins, Mr. Scott and Mrs. Sampson, who will be 88 years young on September 25th, and they had never met before that day. James Goff was also introduced as 70 years old that day. The Resolutions Committee will be the same as last year.

We have but two of our members, Mrs. Eddy and Henry L. King. Mrs. Abbott, the chairman of the program committee, was unable to be with us, so the President Mrs. Miller took charge of the program. Rev. Hall gave us a little talk on Florida and his love for the state, and called it an infantile state. "A good agricultural talk." Reading by Mrs. Tillman, "Back to the Land." Mr. D. L. Smith read a clipping from a Battle Creek paper, telling of an old oak tree, recitation by Mrs. Carl, "No blue in the black of that sky," and encore, "I go to prepare a place for you." Plate solo by Mr. Brimhall with Mrs. Clark at the piano. Reading by Mrs. Goff, "Florida's night is her glory." Recitation by Miss Loomis, "My quilt." Dr. Bates and his wife were added to the Resolutions Committee. Adjourned to meet the first Wednesday in March.

## CHAMBER COMMERCE HEARS DISCUSSION PROPOSED COUNTY ROAD BOND ISSUE

There were about fifty members of the Kioskimee Chapter of Commerce guests of the St. Cloud Chamber at its regular noon luncheon last Wednesday. There were one hundred and six seated and the tables had to be refilled.

At the last meeting of the St. Cloud Chamber of Commerce Mr. G. C. Hunter spoke of the great need for a new Post Office, as the present one is far too small, and stated that he and his associates would construct a new modern fire proof building and lease it to the Government at 4 per cent on the money invested in the building; that they would not ask anything for the use of the ground, and asked that the Chamber of Commerce endorse his proposition, or if anyone else would make a similar proposition he and his associates would gladly endorse it; that he was not making this proposition from a selfish motive, but because of the great need for such a Post Office, and that they were just as willing to see someone else do it as they were willing to do it themselves, just so it was done.

This matter was made a special order of business and as Mr. Hunter could not be present the following letter was read:

Wm. Landis, President, St. Cloud Chamber of Commerce.

"Due to the necessity of my being absent from the city today, I desire that you bring this letter before the Chamber of Commerce.

"On last Wednesday our organization proposed to build a new postoffice building which would have been approximately 60x85 feet in size, giving a floor space five times greater than the present post office. We agreed to lease this building to the government at 4 per cent of the cost of the building for a period of ten years.

"At the time our organization submitted this proposition we were sure that any movement had been proposed by anyone to establish a new postoffice, for sure, there had not been publicly proposed any new business block of either public or private nature.

"We did not come to St. Cloud to engage in any controversies over any project, especially one in which such a project practically amounted to a gift upon our part, neither do we desire to break the thread of civic unity necessary for the continued growth of St. Cloud as a whole, and therefore, our proposition is withdrawn and our efforts along such lines will be abandoned; but the issue will have our moral support for the completion of such a project by those who we understand contemplate such a venture, provided, of course, it is sponsored as unselfishly as was contemplated and proposed by us.

Yours very truly,  
The G. C. Hunter Organization  
By G. C. HUNTER."

As the above was special order of business, when opportunity was given for discussion M. A. Hood said that for the past three months that he and H. S. Dawley and other associates had been working on plans for a business block, which is to be three stories high, 157 by 100 feet which will have twelve store rooms and two warehouses and 68 apartments; of fire proof material, heated and with hot and cold running water in each room and to be furnished with Murphy furniture. An Arcade will be included with entrance on Ohio Avenue and Tenth St. The block will front two hundred feet on Tenth street joining the Progressive garage. They also propose to have the street ten feet and hope that this be carried out to 125 feet. These gentlemen have made trips to Palm Beach and have already obtained specifications from two contractors on their building. When asked how soon they expected to have the building ready for housing the post office Mr. Hood said they expected to have it ready to occupy by November 1st. The proposition to the government is to lease post office for \$50 per month. Attention the Chamber voted to endorse the proposition of these gentlemen.

President Landis gave greeting to the members of the Kioskimee Chapter of Commerce who were represented first by Mr. Aubrey, president, who expressed delight at being one of the guests and said that we are facing a crisis and we are to settle whether we go ahead or if we sit still if we see the proposed county \$2,000,000 bond issue for building of highways in Osceola county defeated. It is time to get together and keep together if this county is to go forward with the

progress that can be made when these highways are assured.

C. A. Blair said he was possibly the one who was more concerned to see the two cities united in future for real unity of effort as he is promoting one of the largest developments in the state situated between the two cities and that all of us together can put on a most comprehensive program with good roads as the center that is now almost beyond belief. He gave assurance that his organization was ready to do their part in the matter, to help put over the bond election.

Attorney Pat Johnston stated the bond issue is of great importance to the county, in that we would give and take, and can't always get every thing we want. So if we can't get what we think we ought to have we should not be selfish. True if it were not for St. Cloud and Kioskimee there would not be enough votes in rest of the county to hold an election, but the rest of the county rights should be respected and relief given to them with good roads; also to people living around in the county over these roads to both cities. This will balance the value of property in the entire county.

Under decision of two courts assessment can not be placed on property holders unless you give them something for it, and for forty years these lands have been taxed and this is the first year we have paid our proportionate shares, Kioskimee and St. Cloud. Since the Kenansville road is a part of the stated proposition and also to rebuild the St. Cloud-Kioskimee road so we should not squabble over the Kenansville road or any other of the proposed roads.

J. S. Cabel, chairman of the road committee, said Mr. Johnston had about covered the territory, and that should the bond election fall there can be no relief for at least a year as the law now is, this can not be done by special road bond. This is of vital importance.

E. W. Parlier was requested to propose and expressed the appreciation of all that this splendid representation from Kioskimee Chapter of Commerce which came to pay us a neighborly visit expressing importance of all going to the polls and voting their sentiments or they might be like an old man, who was going to a township road meeting, but when asked why he was not there replied "roads so bad could not get there."

## THE WOMAN'S CHRISTIAN TEMPERANCE UNION

St. Cloud Union held regular meeting February 5th with 45 members present. The President called the meeting to order at three o'clock, the usual time. Meeting opened with singing "Praise God from Whom All Blessings Flow." Mrs. Miller led the prayer. Mrs. Jennie Ward read the third chapter of Revelations. Reading of the minutes of a meeting approved. Mrs. Cox reported nine dollars in bank. It was voted that as a table was needed in the main room of the building (and would be necessary for the W. C. T. U. exhibit at the coming County Fair) a collection be taken for this purpose. This was done and \$4.00 secured. As the next meeting February 19th being the Francis E. Willard Memorial would occur on the same day as the Union Foreign Missionary meeting to be held in the Methodist Episcopal church it was decided to hold the meeting in the evening of that day beginning at 7:30. It was voted that a request be sent to the Professor and teachers of the schools (with the help of the parents) that they put on the program for this meeting. Mrs. Parker and Mrs. Burdette were appointed to see the Professor and teachers and report at once. Voted to serve light refreshments at the Memorial meeting and Mrs. Miller and Mrs. Kline with the help of Mrs. Holden and Mrs. Russell were chosen to look after the refreshments. Mrs. Westcott proposed that Dr. Hyndman with the Choral Society be requested to give a concert for the benefit of the W. C. T. U. in the near future. This was voted upon and unanimously carried. Mrs. Westcott to secure the services of these noted singers if possible. A committee was selected to attend the County Fair and look after the W. C. T. U. work to be done there, making all plans necessary in advance. Messrs. Hill, Everett, Miller and Norris as chairman were selected. Roll Call was answered by scripture verse and timely topics and proved very interesting. A young girl gave a recitation on Francis E. Willard which was very good.

A vote was taken to hold another Radio Concert, Tuesday evening, February 16th if Dr. Briggs and daughter would consent to furnish the Radio. Mrs. Squires gave a short talk on the work which has been accomplished by this union since she was vice-president some years ago. She spoke with great feeling on the devotion of Miss Willard who worked with unceasing zeal and no thought of fame or future reward only for her great love of mankind and the hope of forever removing the curse of drink from our Fairland. She was heard with undivided attention an given rising vote of thanks.

Since the St. Cloud Union was founded in 1914, it has been the dream of the various members to own a building where they could meet and do work as well as hold helpful entertainments, and about two years ago this was made possible when Mrs. Housman offered to donate five hundred dollars toward a building if the union would secure land on which to erect the same. Mr. Hood and his wife gave two city lots as a building site or they could be exchanged for a site more centrally located. These two lots would bring two thousand dollars at present prices but were exchanged for a lot where the building now stands. Donations from residents in St. Cloud followed in quick succession, the smallest being as acceptable as the largest, since all were freely given and often the small sum was more of a sacrifice to the temperance cause than a larger one. The building is not yet fully furnished, a few weeks ago the Union voted to offer the use of the Room to the Red Cross Nurses for her work houses, as no one had yet been seen to look after the building and keep it open for the public. This offer was accepted and the Union began to feel that their dreams were coming true, and that this building which is not dedicated by any individual or class of individuals, but by the Woman's Christian Temperance Union of St. Cloud will be "a home for the sake of the land," where help will be given to the lonely and strength to the weak. Mr. Hood, who has not asked for any recognition for his free gift, has expressed a wish that the entrance be made adjacent to the Temperance building and often gathered in to be instructed in the things which make for good citizenship.

The Union is continuing this subject of temperance work and was the assembly of the members are always in harmony they are determined that the Temple which has been dedicated to God and Home and Society shall not stand idle. This was fully understood in the last meeting which closed with the W. C. T. U. benediction.

MRS. BARLETT'S BIRTHDAY CELEBRATED LAST WEDNESDAY

On the afternoon of February 10th a delightful party of friends met at the home of Mrs. E. H. Barlett, Ohio Avenue and 10th St., to celebrate her eightieth birthday. Mrs. Barlett has been a citizen of St. Cloud since December 1907, and the longer she lives the better she likes it.

Among the guests were Mrs. R. E. Stevenson and daughter, Miss Fay of Lancaster, Ohio. This is their first winter in Florida and they can not realize that it is mid-winter in Ohio.

Other guests were Mr. Neate and

## PLYMOUTH-KISSIMMEE ROAD GETS RIGHT OF WAY

State road No. 2 joining Plymouth Apopka, Palmetto, Orlando, and Kissimmee, will be one of the earliest ventures of the state road department according to statements made by A. W. Kenny, division engineer of the state road department.

The decision to build the highway was reached at Orlando at a committee meeting attended by Dr. Fous Hathaway, head of the state highway department, Mr. Kenny, and interested parties.

According to Engineer Kenny, the road will be routed out of Orlando toward Kioskimee on Kentucky Avenue. It will skirt Pine Castle, go through Taft, and enter Kissimmee from the west, that all traffic will not be thrown on Main street and Broadway. From Taft to Kioskimee there will be only one curve in the highway.

The right-of-way will be 60-foot 18-foot of which will be paved. It is planned to have an eight-inch rock base with a surface treatment of slag and asphalt.

Engineer Kenny stated that as soon as the surveys were completed for the Plymouth-Kissimmee road, the same engineers would be put to work relocating the Ocala to Gulf highway (Kissimmee-St. Cloud-Deer Park). He said the present road will be left and a new road built. Osceola county is to contribute \$275,000 toward the building of the road providing the bond issue carries, and it is conservatively estimated that the new road will not cost less than \$800,000.

Mrs. McCannan of Westerville, Ohio, who have spent several winters in Florida; a neighbor, Mrs. Wirthling; and Mrs. Bartlett's nephew, J. H. Gellar.

After delicious ice cream and cake were served the guests departed wishing Mr. Barlett many more happy birthdays.

## AMERICAN RAPID FIRE CIVIC EVANGELIST

Dr. James S. McGraw, D.D., of Pittsburg, Pa., will speak under the auspices of the Presbyterian church of this city on Tuesday evening, February 16th at 7:30 in the Tourist Club house. Subject "The Salvation of Uncle Sam." The churches of the city are invited to join in making this meeting a union service.

Dr. James S. McGraw, orator, preacher and veteran battler for a Christian America, popularly known as "America's Rapid Fire Civic Evangelist," is leading a campaign throughout the country under the direction of The National Reform Association, to safeguard the great values of America that are expressive of Christianity.

Come everybody interested in America's future welfare. The lecture will be free.

A. W. HALL.

## FIRST TAILOR MADE RESIDENCE OF KIND IN FLORIDA BUILT AT TOLIGA MANOR NEAR KISSIMMEE

The first house of its kind to be completed in Florida is the distinction which comes to the first house to be completed in Toliga Manor, the Justice Blair development adjoining Lake Vista. This double honor falls to the home of Dr. and Mrs. Delbert W. Poff, and the new home is being visited by hundreds of interested spectators on the Melbourne road daily.

Aside from being Toliga Manor's first completed home of any kind, and Florida's first of this particular kind, its chief interest lies in the fact that freight charges on building materials did not affect it at all. The whole house, and it isn't a "shack," but a beautiful home of five rooms and screen porches, was shipped from Jacksonville on January 2. Work started on its erection on January 11, exactly two weeks later it was finished, all except the interior decorating and the orange awnings with cross stripes which are expected to be placed today.

The house, officially designated as

the "log-like home" resembles a log house. Somebody called it "a log house that ain't." It is made from cypress and northern hard wood, and all materials, including doors, windows, hardware, partitions, roofing, and screens, came by freight ready to build. Carpenters who put it up say they can build it in a week.

Dr. and Mrs. Poff came to Kissimmee for the winter from Winnetka Illinois. They were among the original purchasers of Toliga Manor lots. Now they've built their home here, and have agreed to look after the interests of the manufacturers of these "tailor-made" homes in Osceola county. They maintain that the cost is far less than a "regular" home, is more beautiful than most of them, and has its chief advantage in the minimum of labor required to construct them. Mrs. Poff, whose offices are with the C. A. Blair company, says they can sell three room houses from \$800 up, equipped with everything but plumbing.

A ROMANTIC WEDDING  
By Winder

It is written that matches are made in heaven. If its true or not that we all meet our affinities over there is beside the subject in hand. The fact remains, however, that there are many matches made in Florida.

It is said that the salt air is responsible. However, that is it would seem that Florida is a good stepping stone to the heavenly kingdom.

The case under consideration is that of Stephen Schell, of Alliance, Ohio, civil war veteran and annual visitor for the past nine years to the "Wonder City of the U. S. A. Island and better every day" St. Cloud, Fla. Strange to say that during all those years said has never found a vital spot in our subjects agree for his staff. Never I say until this annual incident season has Mr. Schell concluded to cast off widowhood for wedlock. But it came to pass that on Thursday, January 25th, 1926 he did take unto himself in marriage one of Ohio's queens of Louisville, Clark Co., Mrs. Alice Veloz, to protect, defend and cherish while life doth last. The solemnization of the holy deed was consummated most fittingly in one of God's first temples, a grove of magnificent live oaks draped in gray Spanish moss, situated along the way-side between St. Cloud and Kissimmee. Beneath this canopy of nature's handiwork Rev. Brown, one time an Ohio pastor, solemnized the occasion with all the dignity at his command which is of no mediocre capacity.

A side issue rather diverting is the fact that it was to be so quietly pulled off that no outsider would be the wiser of the event. To that end a tried and true friend was bribed to escort the bride at an early hour by way alleys and back streets to a point at corner of Connecticut Avenue and Tenth Street there to meet the aspiring groom. A delay caused much anxiety on the part of the latter who was spied blocks away pacing back and forth with impatient strides, long before the appointed hour. But later on there came out of the west Rev. and Mrs. Brown in their taxi and whisked the couple away to Kissimmee, where legal documents were secured, with which to complete the ceremony. The consummation was a scene worthy an artist's brush. The mocking birds and other songsters of the forest lashed their melodious voices for the time to view the scene from the branches above. The eagle hawks and crows and other tropical animal life halted their exercises to glimpse with critical eyes the unusual scene in their midst.

It was upon the return of the happy couple to their boarding home of Mrs. Williams on South Massachusetts Avenue that the couple believing that they had surprised their friends were surprised to find the dining room filled with guests and invited friends. The bride and groom were escorted to their station at the table, which was decorated with a magnificent bouquet of Florida's show flowers. While the audience remained standing at attention Winder, a Buckeye himself and "middle" of the groom introduced with what eloquence he could invoke the bride and groom, Mr. and Mrs. Steven Schell, as single of soul with but a single wish for mutual happiness for all time. There rousing cheers burst forth from the assembly for the couple and for old Ohio and her many happy brides and grooms mated in Florida. A wonderful wedding cake constructed by Mrs. John Sammon, of Alliance, Ohio, and flanked by a dinner such as the hostess, Mrs. Williams can serve was enjoyed by all with jokes and jollifications where appropriate.

PRESBYTERIAN CHURCH

Services on Sunday, February 14th in the Tourist club house. Rev. A. W. will preach at 10:45 a. m. The Men's Brotherhood Class will have charge of the evening service at 7:30. Everyone are welcome.

NEW PIPE ORGAN  
FOR BAPTIST CHURCH

At the regular business meeting of the Baptist Church last Monday evening it was decided to purchase and have installed at once what is known as a "Reproducer Pipe Organ." It is a real pipe organ and piano combined which can be played separately or together as desired.

A large committee of 27 members, recently drawn over to Greenwood where one of these instruments have been in use for over a year in the Baptist Church there and were so well pleased with the sweet tone as well as the great volume of the instrument that the church after listening to their report decided to have one installed in the local Baptist Church immediately.

The instrument is operated with an electric motor and built on the same principle as the large pipe organs. The Quintadena, Flute and Diapason Pipes with stops and swell, give the musician ample range to express in music every feeling from sympathetic tone to the full volume for congregational singing.

The following committee has been appointed by the church to solicit subscriptions for the organ fund. Mrs. J. G. Eddy, Mrs. Charles Peery, Mrs. Helena Poby, Mrs. W. G. Wood and John Bailey. The organ has already been ordered and the church will greatly appreciate and be glad to acknowledge through the Tribune any assistance given to the committee toward this fund.

SURPRISED BY FRIENDS

Thirty friends called at the home of Mr. and Mrs. R. D. Comstock and Mr. and Mrs. D. A. LaRock, on Wisconsin Avenue last Friday night the occasion being the birthdays of the two gentlemen. Arriving at six o'clock with baskets from whom Aladdin like depths was produced a supper that filled the long table to its capacity.

The hosts were called upon to respond to many cheery toasts and then the table was cleared away dancing and cards began.

The old fashioned quadrills and waltzes were enjoyed to the music furnished by Edward Parroche who also entertained by several songs. It was an evening of real delight. Those present were: Mr. and Mrs. Henry Dags, Mr. and Mrs. H. C. Draper, Mr. and Mrs. Adria Smith, Mr. and Mrs. H. S. Merriman, Chas R. Cottrell, R. D. Comstock, Dolis Comstock, Mr. and Mrs. J. J. Wylie, and Mr. and Mrs. D. A. LaRock, all formerly of Sodus Point, N. Y., Mrs. Judson H. Webster, of Rochester, N. Y., Mrs. Josephine MacDante's, Mrs. Alice Deidell, Carl Shruter, Mr. and Mrs. H. E. Carroll, Edward Parroche, formerly of Grand Rapids, Mich., Mr. and Mrs. F. E. Chapman and A. B. Chapman, of West Rush, N. Y., Miss Mildred Briggs and Mrs. Gordon, of St. Cloud.

BIRTHDAY DINNER

A birthday dinner was prepared by Mrs. J. B. Mathewson at her home on Carolina Avenue and 17th Street for Sarah Stebbins, who celebrated her 88th birthday on February 2nd and also for Mr. J. B. Mathewson's wife's 81st birthday on the 10th of the 21st. Feb. 3. Some nice presents were received by each and all enjoyed the splendid dinner. A cousin of Mrs. Stebbins was there who is near 75 and Mrs. Adah B. Spahr, 78 years old, who has rooms with them for the winter. It was a sunny bright day, and perhaps Mr. Ground Hog and Miss Wood Chuck was out walking and saw their shadow and went back to their home to wait till the winter is over before they come out for the spring. May all enjoy many more birthdays together in the wish of those who were there.

Mrs. Whitford, who has been the guest of her aunt, Mrs. Anna Furner, for several weeks, left Saturday for Jacksonville where she will spend a week before returning to her home at Grand Rapids, Mich.

"JESUS NO MYTH, BUT NO MORE THAN MAN," AVERS RABBI WISE

By MARGERY PICKARD Central Press Correspondent

NEW YORK, Jan. 5.—What did Dr. Stephen S. Wise, rabbi of the Free Synagogue, really say about Christ and the Jew?

The rabbi's words which caused orthodox rabbis to pass resolutions denouncing him, resulting in his resignation as chairman of the United Palestine campaign, are the topic of the hour in Jewish circles, but outsiders appear not to have a clear idea of their meaning.

The substance of the declaration Dr. Wise made that has caused him to become in storm center is that the Jews can no longer deny the historical existence of Jesus.

But he makes it plain that "nothing I could say and nothing that any Jew could say must lead anyone to imagine that we Jews today, any more than 1,900 years ago, regard Jesus in any other light than that he was a man.

Has No Quarrel With Christians.

"I do not mean to quarrel with Christian creeds, or rather with Christian dogmas, but wish to make clear that no Jew dreams of accepting the Christian dogmatic view with respect to the uniqueness of Jesus in so far as he was other or more than man."

In reviewing and commenting on his trouble-making speech, Dr. Wise said:

"The important thing to make clear is that the book of Dr. Klausner, which was referred to at some length in my sermon, deals with Jesus of Nazareth exactly as the author might have dealt with any other Jewish figure of the first century. He views Jesus as against the Palestinian setting or background with-out constant reference to which Jesus cannot be understood any more than Abraham Lincoln could be understood save as against the background of American life in the early half of the nineteenth century.

"I understand exactly where Dr. Klausner stands. I believe that Jesus was and that any attempt to 'mythologize' him away into non-existence is bound to be futile. No myth could leave the impress upon atomized and human history which has been made by Jesus.

Many Deny Jesus Lived

"The third thesis of Klausner's book, though he does not put it in this way, is that Jesus was a man and a Jew, that he was a young Palestinian Jew and spoke the Aramaic tongue and whose life and teachings are intelligible alone in the light of the acceptance of him as a Jew and a Jewish teacher. In the course of my address I devoted some time to showing the accordance between the teachings of Jesus and the teachings of his people and time. This is so obvious as to require no commentary despite the great gulf that has come to be fixed between the Jewish view of Jesus as man and Jew and Christendom's view of the Christ.

"And this leads me to the fourth point with which Klausner directly deals. Jesus was not a Christian. Whether or not the teachings of Jesus would ever have led to the founding of Christianity, had it not been for the blending of the teachings of Jesus with the current non-Jewish philosophy of his time, is a matter with which I need not deal at this time. At best it may be said that Christianity grew out of the teaching of Jesus, but Jesus was a Jew and a Jewish teacher from the beginning to the end of his days."

Many important Jewish writers brandes of Denmark, for instance, deny that the Jesus of Christianity ever lived.

Voted One of Greatest U. S. Jews

"The thing that I most tried to convey was my own feeling that Klausner is rendering a great service to the Jew and the Christian alike," says Dr. Wise. "Jesus was a man, Jesus was a Jew, Jesus was not a Christian. In the light of this undeniable truth shall Jews forever refuse to claim Jesus either because of the centuries of misunderstanding and Christlessness which have grown out of the stories touching the manner of His death or because Christendom is not yet become Christian."

A CLEAR SKIN

Bright, sparkling eyes, cheeks with the glow of health, a skin as smooth as velvet, the ideal we all strive to attain. No blemishes, no eruptions, no blackheads, no marks to destroy the even texture of healthy skin.

The secret is pure, red blood free from poisons and impurities, blood that makes the body glow and radiate health, blood that drives pimples, boils, eruptions, eczema and skin blemishes from the system.

LEONARD'S ELIXIR FOR THE BLOOD makes rich red blood, drives the impurities out, brings the glow of health. Use it now. Insist on LEONARD'S. Refuse substitutes. At all druggists.

"There is no question of embracing Christianity save by Christians. I do not need to be a Christian in order to recognize the place of Jesus in the great Jewish tradition. Israel gave Jesus the man and the Jew to humankind. For the most part Christendom has deified Him in deed, though affirming Him in name. Is not the hour come for us, his fellow Jews, to place Jesus exactly where He belongs—this radiant Jewish teacher in Palestine of the first century?"

Telegraphic protests against Dr. Wise's forced resignation as chairman of the United Palestine campaign are flooding into the headquarters of the drive. Many influential Jews are flocking to the rabbi's support. Nathan Straus, donor of \$650,000 to Palestine welfare work, is one of his defenders.

Dr. Wise recently was voted by Jews as one of the ten Jews who have contributed the most to the United States.

FLORIDA REALTORS TO BROADCAST MORE TRUTH EVIDENCE OVER RADIO

ORLANDO, Jan. 7.—Who in Florida is not interested in real estate? And who is not interested in radio? These few do not need to waste their time reading this. All others, announces Paul O. Meredith, secretary of the Florida Association of Real Estate Boards, tune in, clamp on their head-sets or turn on the loud speaker and listen!

Friday evening, January 8th will be Realtors' night in the air, for WDBO broadcasting station of Rollins college, Winter Park, will turn over the station to the Board of Governors of the Florida Association of Real Estate Boards.

This is the evening prior to the annual meeting of the Board of Governors of the Florida Association of Real Estate Boards. Realty Board presidents from every part of the state will be there.

Details of the program have not been completed as yet, but Carl C. McClure will tell the world about Florida. Walter W. Rose will tell about the state association and what the state license law is doing, while Paul O. Meredith will discuss the meaning and use of the word "Realtor." Though only three minutes have been allotted for these talks, yet a lot will be said, and it will be well worth hearing. Other features making up a program full of interest and of value to the state are being worked out.

INDIANS IN PURITAN DAYS AND NOW

Four white men are accused of forming a murder ring, that already has to its credit the deaths of twenty Ojaga Indians. OJ had made them rich, and in 1925, as in old Puritan days, it seemed to Christian white men wrong for Indians to have property. They killed them THEN, and they kill them NOW. But now it is illegal, and the Grand Jury will see about them.

Wiser white men don't murder Indians. They wait until the Indians get the money, then go to them with bootleg whiskey, leave the whiskey behind and come back with the money.

Gold will flow to the point where it is most needed just as naturally as water will flow down a hill. The economic law is inexorable. The call of high interest always has and always must attract attention so long as money is the symbol of labor. The closer nations come to financial chaos the safer do they become, their security resting on unflinching operation of the law of self preservation. America for example could not afford to see France reach a state of financial collapse. We must protect our loans and our investments across the seas. Possibly recognition of this fact is the underlying cause of French delay in the payment of her war debts.

Now we are to have an investigation of the Aluminum Trust. More headlines in sight. Why not begin an investigation of our professional investigators?

With one song writer installed as Mayor of the City of New York and another installed as husband of a possible heiress to the Markey millions, we may look for a quick revival in Tin Pan Alley. "Yes We May Not Get the Bananas" might be an appropriate title for a new Berlin effort.

OPEN CLUB HOUSE APPRECIATED

One evening last week a party of tourists representing seven states started out to find a place for a social evening. They passed the tourist club house and seeing the bright lights decided to go in. They were so happy to find an open door and a well lighted room, but a hostess ready to receive them and do any thing possible to assist them. This group gave a little play, had refreshments, sang their state songs, played games and passed a most happy evening.

After studying the Florida song they told the hostess they had not in all their travels found in the country an open club house of such courtesy.

The following are those who enjoyed the evening were Mr. and Mrs. O. L. Hale, of Texas, Mr. and Mrs. H. B. Bates, Ohio, Mr. and Mrs. J. R. Long, Iowa, daughter, Ruth and son, Duane, of Iowa, Mrs. K. Pearce, of Florida, and John Pierce, Mr. and Mrs. K. J. Small, Pennsylvania, V. A. Herbert, of New York, Mr. and Mrs. B. D. Brink, New York, Mr. and Mrs. W. B. MacPherson and daughter, Edith and son, Robert, St. Cloud, Mr. and Mrs. Stager, Mr. and Mrs. H. M. Small, Pennsylvania, Mr. and Mrs. Dunn, Pennsylvania, Mr. and Mrs. E. A. Billings, Illinois, and Mrs. E. W. Penley, daughter Phillis and son, Gerald, Iowa.

THE WAGES OF SIN

The wages of sin is death, or at least, much trouble, Stanford White was killed long ago, his problems quickly solved by a young man from Pittsburgh.

Now, Thaw's wife, for whom White was killed, drinks eight ounces of a poisonous mixture to kill herself. Clergymen will find in this a good text for a sermon that will not put the congregation to sleep.

Some "radical" clergymen might even engage Evelyn Thaw to appear in his church as a living text or "sad example" if she survives.

Henry Ward Beecher, in the Brook-lyn pulpit, sold a malaric girl at auction in old slavery days to emphasize a sermon against slavery.

O'LEARY PREDICTS U. S. WILL GO ON PROSPERING

By JOHN W. O'LEARY President United States Chamber of Commerce

The following article by John W. O'Leary, president of the United States Chamber of Commerce in Washington, D. C. was written specially for The Ledger. Mr. O'Leary is an authority on business conditions and gives a sound summary of his expectations for 1932.

Our times and trends so much these days of good business conditions over the United States and of the very large measure of prosperity evidenced, he begins to ask for the facts that give rise to such optimistic reports.

As president of the Chamber of Commerce of the United States I have recently had an opportunity to study first hand the condition in many parts of the country and I am glad to express my conviction that business is in a sound condition and that the signs for the future are encouraging.

The stories told of an improvement in agriculture are founded on fact: crops are better balanced, and average yields are higher. The co-operative marketing movement is growing until today two billion, five hundred million dollars' worth of

farm products are being sold under that method. Altogether, the situation is very hopeful and agriculture gives promise of approaching a stable condition which will place it on a level with the other great producing industries.

The improved agricultural condition is a source of satisfaction to business. Business men know how dependent our national prosperity is on conditions in our farming areas.

Record Is Broken

Car loadings, measured as a business barometer, show that since July 15 loadings have averaged more than the former record of a million a week which once stood as

In every part of the country merchandise inventories are satisfactory—not too much goods and not too little. Everyone remembers the catastrophe that overtook us in 1920 and 1921 because of errors of judgment in merchandise stocks.

Building records disclose that during ten months of 1925 we exceeded any previous full year's building record with a total of new construction which approached five billion dollars in value.

Inquiry reveals the fact that credit

conditions in all the large cities are good and that there is ample credit available for all legitimate enterprise. The investment market has been booming and bank savings indicate a surplus of purchasing power in excess of what is needed for both necessities and luxuries.

The important question of our increased debts is almost behind us. Funding already has come about in the case of practically all of our foreign debtors and prospects for reopening negotiations with France are in sight. An important item of the day's news is that French business men, after discussion of the financial situation in their country have presented to the government a fiscal program behind which they will stand.

Should Go Forward

The most hopeful sign for the future of American business is the new public attitude towards national business enterprise. There has come about a new public understanding of the purpose of business and of the requirements of commerce and industry.

This feeling has been reflected in those operations of our government which touch business and in our national policies as expressed in legislation. So long as this healthy condition continues, business in America should go forward in its functions of providing for the needs of our population.

Vast Expansion and Advanced Equipment make New Prices Possible

The history of Dodge Brothers drastic price reductions is simple and brief.

A better and better product followed by greater and greater demand.

To meet that demand, an expansion of buildings and equipment involving an expenditure of more than \$10,000,000.

Output vastly increased, with consequent reduction in the cost of materials and production.

Installation of advanced labor-saving and quality-increasing equipment. For instance, one giant steel-body press costing \$10,000 replaces ten former presses costing \$7,500 each, and does the work more efficiently.

Result: The finest line of vehicles in Dodge Brothers history at prices that seem incredible in view of Dodge Brothers traditional quality—

That seem more incredible still when considered in connection with improvements that include—

- Rich and attractive new colors. Smart and stylish new body lines. Four dependable cylinders. Absolute smoothness of engine operation. Greater power, snap and elasticity.

And advanced steel body and windshield construction that afford exceptional driving vision at a time when clear vision and safety are paramount in the mind of every motorist.

KENANSVILLE

Rev. and Mrs. H. H. Booth, of Holopaw, arrived on Saturday. Rev. Booth held his regular monthly appointment at the school house auditorium Sunday morning and night. His talks were enjoyed by those who attend. While here Rev. and Mrs. Booth were guests of Mr. and Mrs. W. H. Phillips.

Sunday night Rev. Booth organized a Methodist Episcopal Church, South, in Kenansville. Six members were admitted by letter to the new church. Mr. and Mrs. Earl Brannon, of Sebring, spent the week-end with Mrs. Brannon's sister, Mrs. C. G. Egerton.

Mr. B. H. Holcomb, principal of the Kenansville school, spent the week-end in Kissimmee.

Messrs. H. V. Phillips, C. B. Krumline and W. H. Phillips were in Orlando Thursday on business.

Dr. Perkins, of Holopaw, was at the school house on Thursday to vaccinate the children for small pox. He was assisted by Miss Hunter, the county nurse, of St. Cloud.

Mr. and Mrs. Rex Baker are being congratulated on the arrival of a baby boy in their home on Wednesday night. Mrs. Baker was before her marriage Miss Elise Bass, daughter of Mr. and Mrs. O. H. Bass.

Miss Hunter and Miss Nettie K. Hargton, accompanied by Mr. Blythe, of St. Cloud, were in Kenansville on Thursday. Miss Hargton, supervisor of elementary schools for the State Department of Education, gave tests in spelling, in order that the rating of the school could be determined.

Mr. Wm. Knight and son, Dick, of Okechobee, came up on Sunday to spend a few hours with Mr. Knight's daughter, Mrs. R. V. Phillips.

Friends of Mr. and Mrs. George Farnley will regret to learn that they are to move from Kenansville to Ocala.

Mr. and Mrs. J. H. Baisden and their daughter, Mrs. Lee Shuford, returned from Stacks, where they spent several days visiting relatives.

Mr. P. E. Batten is building a home on Flagler St.

An addition is being built onto Mrs. C. G. Egerton's store, which is to be used as a barber shop.

HOLOPAW, FLA.

Mrs. Daisy Kirklin spent Tuesday in Tampa.

The party given Tuesday night was greatly enjoyed by all. The old-fashioned spelling match was a "success". A purse of nineteen dollars was received to be donated on our new club house.

Mrs. Daisy Kirklin, Mr. F. E. Perkins and Mrs. J. H. Hawthorne spent Monday in Kissimmee.

Rev. Cox preached for us morning and evening last Sunday. Both sermons were greatly enjoyed.

Miss Ruby Booth, of Sanford is visiting her parents Rev. and Mrs. Booth here.

Miss Helen Philpott, of St. Cloud,

spent the week-end with Carrie Walters here.

The little baby of Mr. and Mrs. Gay was operated on Thursday. We all sympathize with Mr. and Mrs. Gay and hope for it a speedy recovery.

Mrs. Wadley, of Mississippi, arrived few days past to make Holopaw her home. Mr. Wadley being one the saw filers here.

Mr. and Mrs. Bryan left Sunday for their old home in Mississippi. We all regret to lose this ideal couple.

The pastor of the Christian church will preach for us at three o'clock next Sunday. Every body come out.

(Crowded out last week)

Messrs. J. M. Griffin and G. F. Milan spent Wednesday in Tampa on business.

Mr. and Mrs. Booth and Mrs. W. M. Jones returned Wednesday from a visit to Sanford.

Mrs. L. Lowery and Mrs. Clyde Colson spent Wednesday in Kissimmee.

The little child of Mr. and Mrs. Turnage was painfully burned last Wednesday.

Little Mack Matthews is ill at this writing.

Morris McCreary, of Hannonia, spent the week-end here with his father.

Mrs. S. N. McCannell and sister, Miss Ethel Work returned home Sunday from a visit to their old home at DeFuniak Springs.

Mrs. J. H. Hawthorne entertained the "New'll Ritz" club on Wednesday afternoon. After sewing for a time, an amusing contest was brought forward. Mrs. L. Lowery being the lucky one and winning the prize. A delicious salad course was served, after which we adjourned to meet two weeks later with Mrs. E. Hunt on "School Heights."

Mr. and Mrs. M. J. Matthews came home Saturday night driving a new "Hup". Several new cars in our city at this time.

TAKE PLEASURE IN GIVING PLEASURE

After a tour of California and Florida, Frank Cass and his sister Martha, who recently came to St. Cloud, have decided that it comes the nearest being an ideal spot for a home than any place they have seen, have purchased a lot on Virginia avenue, and will build a home as soon as can get material.

They were for the present living in a tent in the camp ground and last Monday they went to the home of Mr. Mary Handale and Mrs. Sarah Hargrave and took them for a ride and then to their tent where to the delight of these ladies a splendid dinner was served. These two ladies will always have a happy memory of this day.

Mrs. Collins is a sister of Mrs. Westcott. Her husband is a retired banker and Mr. Zipper, a wealthy real estate dealer.

Please plan to bring all exhibits to the City Park as early Monday, February 22 as possible. Receipts will be given for all exhibits.

J. W. Parris, a prominent merchant of Cheltenham West Virginia, is spending this week in St. Cloud. There is a colony, of which some twenty-five or thirty residents and non-residents are members, and Mr. Parris was delighted to meet a number who had from his home town. He noted many new improvements being made in this city, and more so than on his previous visit several years ago.

Don't forget that closing sale at Bird's on Penn Ave. and 11th St. 20 per cent off on anything.

As the opening of the St. Cloud Festival approaches the interest is greatly increasing. You will be sorry if you fail to bring that piece of fancy work or old relic. Will be glad for all farm and grove exhibits.

Frank E. Philpott, Jr., is confined to bed at the home of his parents on North Illinois Avenue. Just before the basketball game at Monte Verde on Tuesday night, February 2, Frankie was warming up with some of his fellow-players and in colliding with a cage post he got badly injured. Owing to the serious condition of his injury he will be out of school for several weeks and unable to take any active part in outdoor sports for six to eight months at least. His many friends, particularly those of the athletic fraternity, will regret to learn of this painful accident that befell him, but are hopeful that he will be back in harness at a not distant date.

RETURN OF THE PRODIGAL SON MONDAY NIGHT

The younger son is Jether, lithe, handsome and a drummer. Watching his flocks, he sees a caravan from Babylon pass the farm. Mounted on an elephant's back is the ravishingly beautiful Tisha. She smiles, Jether falls. Raged on by Tisha's companion, the evil Tola, Jether gets his share of his inheritance from his rich father and journeys with the caravan to wicked Babylon.

Jether for a time basks in the warm love of Tisha. But he loses his money in gambling and riotous living. Tisha, a big butter and egg man from the sea, wins Tisha away from him with jewels and gold. A bearded prophet rouses the streets of Babylon predicting that this, the wickedest city in the world, will be destroyed by the hand of God. A great feast is held at the pagan love palace of Tisha. In the midst of it, lightning flashes, thunder roars, the great columns of the palace crash down. In a few minutes the whole great city, in a series of tremendous spectacular scenes, is in ruins. Jether, spared because he would not worship the pagan gods, flees, ragged, broke and hungry, to the desert.

For weeks he wanders, more dead than alive, in the wilderness. At last he reaches home. His big-hearted mother takes him into her arms. His stern father, at first refusing to forgive, relents and orders the fatted calf to be killed. Naomi, Jether's childhood sweetheart, comes back to him. This picture will be shown at the Popular Theatre, February 13-14.

MRS. FANNIE McCLAIN

Mrs. Fannie McClain, wife of Vance McClain, who for a number of years has spent her winters in St. Cloud died Sunday evening of bronchial pneumonia at their apartment on North Pennsylvania Avenue. Services were held at the Eisenstein funeral parlors Wednesday morning by Dr. Cook a close friend of the family. Their son came to accompany the father with the remains to Greenville, Ill.

MRS. MARION E. COOLEY

ST. CLOUD GRAPEFRUIT DISPLAYED IN LEXINGTON BANK

Howard E. Custance while visiting his old time friend, V. M. Jepson, was invited out in his grove and told to help himself, which he did to a fine bunch of grapefruit and sent it home, where it is on display in the savings bank window in Lexington. Mr. Custance is a contractor and builder and while here received a contract to build a \$200,000 home of William F. Morang on Pelham road.

VETERANS ASSOCIATION

On February 6th in the absence of our president, Vice-president Campbell filled the chair. The meeting was opened with the singing of "Columbia the gem of the ocean." Chaplain Westcott offered prayer. The usual form of opening was carried through. The first number was a reading by Mrs. Ogie "My Capitol." Music by Mrs. Nettie Clark, "Santo on Review." Conrado Blackman gave a reading "Mr. Spookendike and his shirt." A solo by H. P. Gordan and Conrado Russell, "The Gathering Cloud." Conrado and Mrs. Norris, "Clash on History." Conrado Norris has a re-

markable memory for a man of his years. Mrs. Foster was asked to come to the platform and gave a five minute talk. This was her first opportunity of attending these meetings since her return to St. Cloud. She was enthusiastically received by the audience, and gave a very good talk on "Christian and good Citizenship." Mrs. Annie Smith gave a reading, "Myself." Music by Mrs. Minnie Barber "I Couldn't Forget." Mrs. Marskie gave a talk, "What is the Grand Army of the Republic?" Reading by Mrs. French, "California as She Is." Ex-president Kenney was also allotted five minutes, which he used to a very good advantage by receiving some of the hardihood of St. Cloud, namely the flood, frost, fire, bank failure and a political fuss. Conrado Bentes gave a short talk "advocated a plan with the aid of some other, 'To visit the people who are unable to leave their homes.'" With a little song service "America" was the closing song.

NOT GOING TO BE BUT NOW IS

On Monday morning residents in the neighborhood observed that something was going on out of the ordinary on Eleventh Street at the rear of the post office and upon investigation we found that Billy Wilson was beginning a modern office and apartment building. This building is being built of Spanish design of hollow style stucco, two stories. This will be occupied by Billie's real estate office which when complete will be second to none in the city and also by Burt's meat market. There will be four modern apartments on the second floor which will assist in filling a real need in this city.

During the years Billie Wilson has been engaged in business in this city he has ever been a booster. Only recently he completed one of the best homes in the city. This building is another evidence of his faith in St. Cloud and his desire to help improve. Surely this is worthy of emulation.

Whereas—Our Heavenly Father has seen fit in His Infinite wisdom to remove from our midst, our dear sister Emmetta A. Eddy, therefore, be it resolved that we as an association extend to the bereaved family and friends, our heartfelt sympathy.

Our sister had always a sweet smile and a pleasant greeting for her friends in the Michigan Association. When we meet we shall miss her yet, we know that our loss is her great gain. FRANCES R. RILEY, THE GEORGE BATES, MRS. GEORGE BATES.

Again the Grim Reaper, death, has taken from our midst, a brother, who has been a member of the association for many years, Henry L. Klug.

To his son and surviving relatives, we as an association extend our sympathy and prayers. FRANCES R. RILEY, DR. GEORGE BATES, MRS. GEORGE BATES.

DISPLAY YOUR FLAGS

The Carnival committee has requested us to urge that the flags of all homes and places of business be displayed every day during the festival from sunrise to sundown. St. Cloud is known as the "Flag" City and we are certain all will take advantage of this opportunity to tell the world that there is no more patriotic city in the good old U. S. A. than is found in Central Florida. We do not understand the Committee to insist on your flag going up just as the sun peeps over the eastern horizon, but as soon thereafter as convenient.

MISSIONARY CONVENTION KISSIMMEE CHURCH

The Missionary Convention begins on Thursday night in Christ's Church, corner Brack and Oak Street, Kissimmee. R. D. Walker, the present incumbent expects several ministers to take part. At the initial meeting, the general subject will be "God's Missionary Program for the Church." On Friday night, it will be "The Young People and Missions." A timely subject on Saturday, "Prayer and Mis-

slons." On Monday night a special offering will be received for missions, the subject "God's Love for All Viewed Through Various Scriptural Windows." Good singing will prove helpful at these important gatherings.

LADIES OF PRESBYTERIAN CHURCH HAD CHARGE

The ladies of the Presbyterian church, who had charge of the services last Sunday evening, had a full house and a splendid program, which was enjoyed by all. The singing was led by a ladies duette quartet, who also gave special song, Scripture reading and prayer by Mrs. Rodgers. The principle speaker was Mrs. M. Puckett-Foster the only regrets that were offered was the discourse was too short and many said they could have listened an hour longer. The lady singers took good care of the crowd and every one was glad to be there.

NEW SOLOIST FOR EPISCOPAL CHURCH

Ruth Oyen Reichel, instructor of music, voice, piano, theory, composition and orchestration, post graduate of "The Chicago Musical College" under the masters Mareschall, Kurt Dornath, Combs and Gadowatz, "Concert Artist Kauter" had concert with Ellis Brooks and Arthur Hand, also soloist at the St. James Episcopal Church in Chicago, is to be the regular soprano soloist at St. Cloud St. Luke's Episcopal church. This will be a splendid addition to the already excellent musical circle of our city.

PLEASANTLY SURPRISED

On Friday night Mrs. S. Strung, of South Florida Avenue, was given surprise when in walked Madames Cline, Geck, Clark and Bodle and Messrs. Holliday, Winton, Russell Billings and Wood. The evening was spent playing domino. Refreshments were served.

MRS. ELIZABETH WELLS

After a lingering illness Mrs. Elizabeth Wells, widow of Dr. Wells died February 8th at the age of 78 years at her home on South Massachusetts Avenue. The funeral service was held at the Christian church conducted by Dr. Taylor. The remains were shipped to Cynthiana, Ky.

**NURSES MONTHLY REPORT FOR JANUARY, 1926**

On account of so much rain and the condition of roads, have not visited all the schools this month. Made first visit to Toloposkee white school; weighed, measured, and inspected twenty children. Two were O. K. Eighteen had defective teeth. H. V. suspect, tonsils, adenoids and skin disease.

Had two small pox clinics, Ashton and Narcoossee colored schools, 27 of their enrollment of 40 pupils, were vaccinated in Dr. Chunn. At Bartokan, only one teacher, who had been vaccinated before, and no reaction. All are in good condition.

On inspection we find the best toilet at Narcoossee in need of repair. St. Cloud school seems to be in good physical condition. At three small pox clinics held at Dr. Chunn's office 500 have been vaccinated, all except 15 or 20 have taken and are doing fine. Individual conferences with mothers 10, teachers 25, outsiders 20, Doctor 6; Total conferences 71.

Home visits to adults 8. Home visits to school children 7. School room visits 40. Total visits 55.

Class room talks 25. Persons given help from loan closet 2. General inspection of school children 300. Individual inspections 28, defects 20. Assisted Miss Erb with 30 individual inspections. By order of Dr. Chunn have given 4 doses hook worm medicine. Have distributed 60 booklets on health to children. Reports from H. W. specimens sent to Jacksonville 34. Positive 12. Negative 20. Tape worm 2. Most positive cases have seen the good results of hook worm medicine, and are anxious to have theirs as soon as Saturday comes, take it then and not miss school. The spirit of co-operation is very good indeed. Miles traveled outside St. Cloud 150.

With the assistance of teachers we sent 500 notes to parents. I assisted Miss Erb in 5 small pox clinics, over 500 were vaccinated. Put up 6 beautiful health posters in the primary rooms St. Cloud. Miss Erb has assisted with my smallpox clinics.

J. G. Wheaton, of Jackson, Mich., was a business caller in this office Friday.

**Near Tee and Fairway Lake Mabel Section**

**HOLLYWOOD By-the-Sea**

By canals that give the atmosphere of Venice, golfers may go by yacht or motor boat—perhaps by gondola—to the two new golf courses at Hollywood. Lake Mabel Section is in easy access of the old golf links at Hollywood—the business portion—the Hotels—the Beach and the Casino

The Lake Mabel Section of Hollywood is a highly restricted residential section. Because of superb location, extravagant plans for development of streets, boulevards, canals and parkways, Lake Mabel Section is a most desirable place for residence in Hollywood By-the-Sea. Property ownership in this section is especially desirable.

Lake Mabel Section lies on New River Sound, a narrow strip of land—Seabreeze Estates, also Hollywood property—separates it from Hollywood Beach and the Atlantic ocean. Lake Mabel Section is south and east of Dania, close to beautiful and virile Fort Lauderdale. Lake Mabel Section is bounded on the south by Fifty-sixth street; on the west by Eleventh Avenue, and on the north by Seventy-sixth street. To the north is acreage which will not be opened for a long time—land reserved for the demands of the Hollywood harbor activities.

Waterways and canals—special streets and boulevard planned for service as well as beauty, are a distinctive part of this section. Along their borders will be parkways of palms and other tropical plantings.  
The Dania cut-off canal runs through this section. From the Dania canal will be cut another canal 100 feet wide and deep enough for all small craft, connecting with Lake Mabel where the \$15,000,000 harbor is being built.  
El Camino Real, a 120-foot boulevard, running north and south through the Lake Mabel Section will be a thoroughfare of exquisite beauty, with parkways on both sides. Riverside Drive, a sixty-foot boulevard, with parkways on one side, will parallel the north side of the Dania cut-off canal turning northward along the line of the New River Sound.  
The Lake Mabel Section, canal and sound, has five miles of water frontage—a part of the Inland Waterway Canal—giving the splendor and spirit of Venice. On these waters will ply yachts, motor boats and gondolas. Investors should make early choice of property.

FREE—Luxurious auto-bus trips of inspection are made weekly from St. Cloud to Hollywood By-the-Sea, through the tropic's gorgeous splendor and along its most enchanting waterways. Call at our office today and learn the particulars of this delightful FREE trip, and get our beautifully illustrated literature. If it is not convenient to call, write us and we will send you full particulars by earliest mail—but write today.

# A Real "Home" Is Buildd on a Foundation of Sacred Love

Address of G. C. Hunter before St. Cloud Tourists

In accepting the invitation to address you this afternoon I felt myself at a loss for a subject, due to lack of time for preparation. I wanted to say something to this large tourist body that might not only entertain you but also leave an impress upon your memory that might cause you to feel kindly toward St. Cloud, and also repay you for your visit here to them to me.

I presume it is generally known that my time has been pretty well occupied in an earnest effort and endeavor to add in building a bigger and greater St. Cloud. Due to this fact I may be pardoned if my efforts here this afternoon fall short of your expectation.

You may expect a form of humorous entertainment, for humor is always welcomed at any public gathering. However, my training has been along the deeper things of life and as such I have chosen to speak to you in part upon a topic I have used on other occasions, a topic that has for its basis what I consider the three greatest words in the English Language, three words which learned men of all ages have been attempting to define and so inter-woven with each other that they are synonymous: Love-Home-Mother. It is impossible to take one from these three and have two remain. They have been the theme for novel and play, the inspiration for poet and musician, the heaven on earth in health and sickness and that something we all long for when in distant times.

In all ages of history man has sought a shelter and habitation for himself and family, whether the barbarian in his cave; the Indian of stone; or the average citizen of any community in his home, be it large or small. All mean the same, and that meaning is the word Home. Home is where the heart is and the port of safest refuge. How sweet its smile of welcome and how dear its very name to every absent member.

It is a beautiful picture to see a young man and young woman pledge their oath of fidelity and their faith and build unto themselves and those who will follow in their footsteps, a home fashioned, molded and furnished in the love that seems to lurk in every corner of its every room. For remember a home is just some boards and nails placed together or some beams and mortar placed together, but a home is a sacred institution founded upon and built a solid and basic foundation of love, a love found by sacrifice of self to make some one else happy. Upon this foundation grows into being the greatest character an artist can paint; the most unselfish individual imagination can produce: One who can bear more sorrow and sacrifice with fewer scars; the one who guards her treasures in love and in prayer more secretly than the miser who hoards his money box; the one who in every instance places self last and loved ones first; is your mother and my mother. She furnishes the one great pillar necessary to the completeness of every home, lowering impediment and pretensions that home may appear to an outside world.

Robert G. Ingersoll, one of the greatest orators of the modern age, regardless of your impression of his belief, paid as high and eloquent tribute to women as has ever fallen from the lips of man. He said "It takes a hundred men to make an equipment, but it takes only the influence of one woman to make a home. It is because women are so much better than men that their faults are considered virtues. The one thing in this world that is considered constant, the only teak that rises above the clouds, the window in which the light burns forever, the one star that darkness cannot quench, is woman's love. It rises to the greatest heights, woman's love is the perfume of the heart. This is the real love that subdues the earth; the love that has wrought miracles of art; that gives us music all the way from the cradle song to the grand symphony that bears the soul away on wings of fire. A love that is greater than power, sweeter than life and stronger than death."

There is an Old-World legend which also brings out the qualities of mother love. The story is that a son loved his mother much, and she—well she was his mother, and all mothers love their children—yes, the black sheep as well as the whitest lamb. But one day the son came to love another woman. And this woman having a small son, must be quite sure she had his love—all of it—and had vanquished the first. "If you want to prove your love for me," she pouted prettily, "bring me your mother's heart." He ran to his mother's cottage, as she stepped forward to embrace him he stole her. Onward he hastened to bear his mother's heart, still beating with its heart warmth, to his new beloved. But on the way he tripped and fell heavily, the heart falling from his hand, and bounding wildly on the stones. Whereupon it cried out to him piteously, "Oh,

my son, my son, hast thou hurt thyself?"

There is another ancient legend which runs in this wise: At twilight dawn an angel came down to earth, and looked about for something to carry back to Heaven—a bouquet of sweet flowers that had been gathered from one of the earth's fair and blooming gardens; the smile of a little baby that had been playing with a sunbeam; and a Mother's love. These three the angel carried away, but when it reached the heavenly gates the flowers had withered, and the smile of the baby had vanished. Only the mother's love remained the same, as pure and eternal as the waters that flowed by the throne of God. If you do not know it now some day you will realize—perhaps too late—that mother love is the one never failing, detestational affection that warms every ordeal. The criminal in his dismal cell and the king upon his stately throne, each is sanctified by a mother's love.

Therefore upon this day it is an exceptional pleasure for me to testify to the quality of motherhood that has made possible my receiving the invitation to address you this afternoon, and what could be more appropriate that I here publicly pay to that dear mother of mine the homage of her greatness. It is homes and mothers that make of you and I fit being to associate with and mingle among others of like and very fortunate circumstances.

From any stand point considered worthy of individual, state or nation in any attempt at retrospection or contemplation of future we must begin with and end at the homes of our country.

If I should undertake to make an estimate of the true value of the home as it affects the individual and as the individual affects the community I would have only to look upon this audience for the answer. It is not for this class that the state erects its penal institutions and homes of correction. Their greed is satisfied with the product of homes which know not the meaning of mother love or president father. Again the home life is reflected in the individual in his relations with his fellow men, his Government and his country and if one fact is more prominent than any other which testifies to the greatness of America, it is that the child in the American home has been taught loyalty and love instead of vengeance and hate toward his neighbors and neighbor countries, as is so true in the Old World. No greater evidence that is true need be desired than that the hatred engendered by the Civil War was speedily forgotten, and a united nation, knowing no east, no west, no north and no south stood shoulder to shoulder at Santiago and Belleau Wood. Just as long as we keep the home on a high level of purity and honor just that long will we retain world leadership in solving of delicate and intricate problems of state, while other nations engage in controversies as they have since Cleopatra conspired and Anthony fought. Within any bounds of honor the lesson of our homes will keep our country in peace when the thunder of cannon and unheating of swords shall be in vain.

Your father year we witness the learned student from across the sea astonished as for our lack of knowledge of the arts, our culture and our letters. For such students we have no modern Phidias to breathe into inanimate stone and clay the energy of another life. We lack the artistic touch that fashioned the gleaming gates of Florence. Mozart with his music is dead, the harp of Orpheus is stilled, and the breath that fell from Michael Angelo's lifeless hand lies unbreathed at his tomb. No statesman delivers his address as did the Roman orators of old, who charmed the crowds with their eloquence. They say our daily life is an interweaving with the greed of commercialism that we cannot appreciate their worship at the altars of the old masters.

It is true that a certain lack of interest exists in these subjects as is also true that we lack the pomp and display of royalty, but we do have, thank God, the home that raises citizens and not subjects, and a home that has done, its part in the progress toward which all may point with pardonable pride. The progress that has laid aside the inebrious sickle for the modern binder which reaps the fields of golden grain. The stage coach, around which cling many memories of romance has gone its way and today on the Overland limited in three days you fast your eyes on the magnificence of the Pacific. Our grandmothers—God bless them—at their spinning wheels, we can as readily see, in a mental picture, as though they were before us, their loving hands weaving the cloth our grandfathers wore. This scene vanishes as I speak and we catch today a picture of the high powered looms that clothe the world. The primitive steamer of Fulton is seen no more and instead our mighty ocean liners have linked together the Old World and the New. In days of yore to administer unto a loved one ladies had to be traversed for a doctor, today

## NERVES ALL UNSTRUNG

St. Cloud Folks Should Find the Cause and Correct It. Are you all worn out? Feel tired, nervous, half-sick? Do you have a constant headache; sharp twinges of pain, too, with dizzy spells and annoying urinary disorders? Then there's cause for worry and more cause to give your weakened kidneys prompt help. Use Doan's Pills—a stimulant diuretic to the kidneys. St. Cloud folks recommend Doan's for just such troubles. John Wilkes, retired farmer, Massachusetts Avenue, St. Cloud, says: "My kidneys got out of order and night I had to get up every hour to pass the kidney secretions which were scanty and burned in passage. I became nervous and excited at times. Doan's Pills from Marine's Drug Store gave me relief." Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Pills—the same that Mr. Wilkes had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

There steals through the very atmosphere itself the message that saves lives and anxious moments. From the bottomless depths of the ocean to miles of heights in the broad expanse of space, our ingenuities and achievements have been the marvel of all the world, and no less in any of these achievements has been the passing of mind events to modern times and the big calm to the great American home. The home that will keep suspended aloft on the top—most pinnacle of American greatness the flag, symbolical of Representative Government, and which has served as the beacon light of opportunity to the oppressed of all nations that stand today on our doorstep clamoring for admittance to American citizenship.

To stand resolute and steadfast in the heroic courage required to put the world back on the level of righteousness and fair dealing that existed prior to the World War, is the problem we must wear as a badge of honor and by day, we must guard the scale of American ideals, there must be no wavering in this line of defense, though here and there a weakening of that line may result when one without the requisite courage of his neighbor may drop his accustomed plans. A picture of courage and fortitude is well illustrated in a story told by that great orator and disciple of peace of the South, Henry Grady. He told of a soldier who lay wounded on a hard fought field; the roar of the battle had died away, and he rested in the deadly stillness of its aftermath. Not a sound was heard as he lay there, sorely stifled and speechless, but the shriek of the wounded and the sigh of the dying soul, as it escaped from the trammels of earth into the unpenetrable space of the stars. Off over the field flickered the lanterns of the surgeons with the light bearers, searching that they might take away those whose lives could be saved and leave in sorrow those who were doomed to die with pleading eyes through the darkness. This poor soldier watched, unable to rise or speak as the lanterns drew near. At last the light flashed in his face, and the surgeon, with kindly face, bent over him, hesitated a moment, shook his head, and was gone, leaving the poor fellow alone with death. He watched in patient agony as they went from one part of the field to another.

As they came back, the surgeon bent over him again: "I believe if this poor fellow lives to sundown tomorrow, he will get well," and again leaving him, not to death but with hope; all night long these words fell into his heart as the dew fell from the stars upon his lips. "If he, but lives till sundown, he will get well."

He turned his weary head to the east and watched for the coming sun. At last the stars went out, the east trembled with radiance, and the sun slowly lifting above the horizon, lit his pallid face with flame. He watched it inch by inch as it climbed slowly up the heavens. He thought of life, its hopes and ambitions, its hopes and ambitions, its sweetness and its raptures, and he fortified his soul against despair until the sun had reached high noon. It sloped down its slow descent, and his life was ebbing away and his heart was faltering, and he needed stronger stimulants to make him stand the struggle until the end of the day had come. He thought of his far-off home, the blessed home resting in tranquil peace with the roses climbing to its door, and the trees whispering to its windows and dining in the sunshine, the orchard and the little brook running like a silver thread through the forest.

"If I live till sundown, I will see it again. I will walk down the shady lane; I will open the battered gate, and the mocking bird shall call to me from the orchard, and I will drink again at the old mossy spring."

And he thought of the wife, who had come from the neighboring farmhouse and put her hands shyly in his, and brought sweetness to his life and light to his home.

And he thought of the old father, patient in prayer, bending lower and lower every day under his load of sorrow and old age.

And he thought of the little children that clambered on his knees and tangled their little hands into his hair, making to him such music as this world shall not equal or heaven surpass.

And he thought of his old mother,

who gathered these children about her and breathed her old heart a fresh in their brightness and kissed her old lips anew to their prattle, that she might live till her big boy came home.

"If I live till sundown, I will see all my loved ones again, and I will rest my head at its old place in my mother's knee, and keep away all memory of this fabled night." And the son of God, who died for men, bending from the stars, put the hand that had been nailed to the cross on the ebbing life and held on the strand until the sun went down and the stars came out and shone down in the brave man's heart and blazed in his gleaming eyes, and the lanterns of the surgeons came and he was taken from death to life.

Man's faith, theories and imaginative falls that have from the dawn of time strewn over the earth wretched governments and debauched countries, too many laws invite disrespect for all law; it destroys in relative to individual effort and creative thought and as the scheme of paternalism grows from year to year, clothing the government with power to think and act for the individual, is but to invite the repetition of empires built too massive which have long since crumbled into the dust of oblivion. It is suffice to say in this brief mention that legislation has never yet installed the spirit of Christ in the human heart; and neither has it spread the wings of brotherly love over the realm of mankind.

Some years ago our government sent a battleship to a foreign shore to bring back the body of an American. Upon its return this body was taken to the city of Washington and there upon broad Pennsylvania Avenue was formed an escort of soldiers and sailors to accompany this body to the tomb. Down that broad expanse of street came this procession, the body draped in an American flag. Borne upon a gun carriage, past the reviewing stand of the president of the United States and other high government authorities.

The unknowing one would have asked, who is that man? What brave warriors body reposes upon that carriage? What grizzled hero was he? What Gettysburg has he saved or what has he done that he should be thus honored by the American people. But, my friends, that man had saved no Gettysburg, neither had he grasped the pen that wrote the Declaration of Independence when Jefferson laid it down, he had fought no battles for his country. He had nothing—more than write "Be it ever so humble there is no place like home." The song known by every little girl and boy throughout the land, the little boy and little girl that pass from the interesting and carefree days of childhood to young manhood and womanhood and start forth to build a home for themselves when they will often recall, to which many of you will bear witness, the immortal words of John Howard Payne. In conclusion I can but say to you that each of us should fight manfully on and on that we may attain that greater reward in the even appointed time of God.

## How To Quickly Stop Bad Coughs

It is often surprising how quickly the heaviest cough disappears when treated by a remarkable new method. Here is the method, based on the famous Dr. King's New Discovery for Coughs. You simply take one teaspoonful and hold it in your throat for 15 or 20 seconds before swallowing it. The prescription has a double action. It not only soothes and heals irritation, but also loosens and removes the phlegm and congestion which are the real cause of the coughing. So the severest cough soon disappears completely.

## WIFE AND HUSBAND BOTH HIT WITH GAS

"For years I had gas on the stomach. The first dose of Adlerika helped. I now sleep well and all gas is gone. It also helped my husband," signed Mrs. B. Brinkley. ONE spoonful Adlerika removes GAS and often brings astonishing relief to the stomach. Stops that full, bloated feeling. Brings out old, waste matter you never thought was in your system. This excellent intestinal evicuant is wonderful for constipation.

LETTERS TO THE EDITOR

LETTER EDITOR: Editor, St. Cloud Tribune. My dear friend—I notice in the St. Cloud Tribune where you give the mileage of road to be built Holopaw, 27 miles, Kenansville 30 miles. As this is a very important matter and it is only 30 miles from the Okeechobee County line to Holopaw and a lot of voters might think it was 27 and 30, we would appreciate it if you would make this clear in your next issue and state that it is 30 miles from Holopaw to the Okeechobee county line.

Very Respectfully, R. V. Phillips.

Mason, Ill., Feb. 6, 1926.

Dear Editor: St. Cloud Tribune, I am sending you a poem on my sixtieth wedding anniversary as I have friends living in your beautiful city. I say beautiful because I know of what I speak. Having spent five happy winters there in our own three room cottage on Dakota Avenue and would be there now, but old age and ill health prevent. My husband, Amos Scott, is 84 years old and I am 81 and a half years. We have been a subscriber to the St. Cloud Tribune ever since its publication and we look for its coming anxiously every week.

Backward runs backward sixty years of my life. When a girl, twenty-two, became a veterans life.

Does the time seem long or does it seem short. No answer from me the secret lies in my heart.

They have flown like the whirl wind far back in years of oblivions mind. Do I wish them back? No let them sleep.

I have done what I thought best way should I weep. Parents have left and gone on before.

To join the redeemed on the golden shore. And I'm thinking today. What my parents will say.

When I reach that city of love. They have been there so long. In that heavenly throng.

Will they welcome my spirit above. Will they bid me arise. To that home in the skies.

Happy home the city of gold. And the dear ones we love. Will be waiting above.

Will they welcome me into the fold? And I'm wondering too. What the Savior will do.

With my poor trembling spirit up there. Will he bid me come in? Will he clear me from all sin?

Will he lead me to heaven so fair? I soon shall come to the river side. I'll traverse its waters each even tide.

I can hear the noise and dash of stream. Now and through life's deep dream. Jesus redeemer we look to thee. We lift up our voices tremblingly.

The waves of the river are dark and cold. We know not the place where our feet may hold. Though who did pass through the deep midnight.

Strengthen us send us the staff of light. To some are the floods of the river still. As they ford on their way to the heavenly hill.

Oh we love to think of that happy home. And the friends who journey there. Far away from the toils of earth to roam.

With those on the evergreen shore. Where the just shall meet no more to part. In mansions of bliss above.

Where no sigh of grief will sadden the heart. But all will be peace and love.

MICHIGAN ASSOCIATION

One hundred and thirty happy Michiganers met on January 5, 1926 for the regular meeting of the Michigan Association. The meeting was called by the President Mr. Mizer at two o'clock. Song "America" by all. Invocation by Rev. Mr. Stevenson of Charlevoix, Mich. Florida song, St. Cloud Yell. Minutes of the previous meeting was read by the secretary and approved. Treasurer reported \$11.05 on hand. It was decided to have a picnic dinner for February. It will not be necessary to bring plates, but bring all other dishes. The social hour was in charge of the program committee by Mrs. Abbott.

Song by Mrs. Benedict and Mrs. Timman, "Welcome to Florida" an original poem. Song by Mr. Bullard, "Jubilee is Coming". Recitation by Miss Lounds, the doughnuts that my mother used to make with a sample of doughnuts. An original poem by Mr. J. Smith, "The Blessed Ship 1925". Reading and an encore by Mrs. Carl. Reading by Mrs. Lakenhill, Song by Male Quartette, "The Old Brigade". Mr. Smith told a little story while it was raining and we could hardly hear. Vocal solo by Mrs. Ribshel, "Two numbers. Reading Mrs. Hoyt, "When the front is on the Pumpkin". Song by Mrs. Benedict and Mrs. Smith, "Speed away". Mrs. Thompson then gave us a very fine rendering of the Legend naming the city and river. Kalmucos, the Indian maiden, Mazou, and her lover, Kala. For encore she gave the version of "Just as Mother used to do" and she loved his ears, just as mother used to do. Mrs. Myers sang a few words giving us the thought that
